

Beaver Builder Supply – Residential Drafting Service

Beaver Builders Supply drafting services are reserved for our loyal customers to provide bid ready plans in an efficient and cost-effective manner. By accepting the terms of this service, it is with intent and expectation that Beaver Builders Supply will supply materials for the project we are drafting. Fees for drafting services are detailed below. Design Fees may be rebated back to the customer at the completion of the project, provided Beaver Builders Supply supplies all applicable categories. Final permit ready plans will not be produced unless Beaver Builders Supply is the primary material supplier for the project.

*sq. ft. based on the total finished area of all levels.

Preliminary Phase

-Consultation with our draftsman to review sketches, plans, ideas and project goals in order to develop the overall design concept. (Typically 1-2 hours)

-Upon payment, a preliminary layout will be completed based on the information provided. Plans will be delivered through PDF in email and one large format print available upon request for pickup.

-One revision will be available after the preliminary draft is provided.

*Engagement on behalf of BBS through the draftsman for clarity, detail, and questions are not included as revision requests.

Revision Phase

-Each revision request after the preliminary phase is complete will incur an additional fee.

-This phase includes modification to preliminary layouts, adjusting sizes, changes to features, and style updates to fit your needs.

-To ensure an efficient and economical service we ask that you provide detailed notes and/or marked-up layouts with clear changes for each revision request.

Final Phase

-The plan will reach final phase upon completion of revisions, material quotes, and customer's commitment to purchase materials through Beaver Builders Supply, including a sub account setup.

-At this phase the layout is complete and no changes to drawing itself should take place, the plan will be updated with notes and details to provide a permit ready plan.

-Standard drafting services at the final phase will include layout (each floor), elevations, section views. Requests for Exterior 3D Renderings, with limited detail may be available at an additional fee on a job-by-job basis.

Beaver Builders supply is first and foremost a lumberyard not a Design firm, if during the drafting process you choose to go elsewhere for materials, drafting services will terminate with the last draft provided, and no future revisions or changes will be processed

Beaver Builders Supply, Inc – Drafting Contract

These Proposed Plans will be developed through consultations with the Owner and/or contractor and must be carefully examined by the Owners to insure the meet the owner's needs, and by the contractor to review any potential design flaws so that corrections can be made to the plans before construction begins. This is a drafting service, and we are NOT registered architects or engineers and will not provide on-site supervision of the project. The design and construction process is complicated, and it is expected that some changes and adjustments to the plan may need to be made as the job progresses. The General Contractor or Builder is expected to build to code, review and verify all plan dimensions, elevations, sections, and notes, and assume responsibility for both the structural integrity and workmanship on the project. In the absence of a General Contractor, the Owner must assume these same responsibilities. Beaver Builders Supply Inc. makes no warranties expressed or implied concerning the plans as drawn.

I _____ (print) agree to hire Beaver Builders Supply, Inc. within the limitations stated above, to design my project for the above stated fees and agree to pay such fees when due. I also agree to pay such attorney fees as the court may decide in the event, I fail to pay money due under this contract.
